<b>Goal</b>													
Increase participation in sport including competitive games													
Increase pupil stamina													
<b>Evaluation of progress against indicators of effective Physical Education, School Sport and Physical Activity (PESSPA)</b>													
<b>Key indicator 1: Does the school allow at least 30 minutes of physical activity per day for all pupils?</b>													
1	Pupils have at least 55 minutes of playtime every day and 1 ½ hours of PE lessons every week. Year 4 (for the autumn term only), Year 2 and Year 1 (for the whole year) have an additional 30 minutes of swimming every week. Year 6 have 1 ½ hours of kayaking and 45 minutes of PE every week.												
<b>Key indicator 2: Is PESSPA a high profile part of the school day? Is PESSPA being used as a tool for whole school development?</b>													
2	With a full-time PE teacher, a significant amount of the timetable dedicated PE and cross-trust initiatives like new PE kits (which match the kits at the academy) and Saturday Sports, PE has a high profile at Churchill Gardens.												
<b>Key indicator 3: Are the confidence, knowledge and skills of all staff to teach PE and sport being developed?</b>													
3	We do have access to the MEND/MyActive/NHS staff development programme which we have used to develop the ability of our support staff to teach PE to EYFS pupils. Also, instead of gradually increasing the confidence, knowledge and skills of teaching staff to teach PE and sport Churchill Gardens employs a full-time PE teacher.												
<b>Key indicator 4: Is the experience of a range of sports and activities offered to all pupils broad and diverse?</b>													
4	Pupils will experience a diverse range of sports in the 2018-2019 school year. The sports provided will be football, netball, multi-sports, cricket, athletics, cross country running, hockey, basketball, swimming, sailing and kayaking.												
<b>Key indicator 5: Is participation in competitive sport increasing?</b>													
5	At the end of 2017-2018 barriers to achievement in competitive sport were: <ul style="list-style-type: none"> <li>a) Pupils unfamiliar with the set up for athletics competitions and were nervous in a new venue/did not perform as well as during practice sessions</li> <li>b) Pupils unable to practise on a full-sized netball court and this is essential in the preparation for competitive matches</li> <li>c) Saturday Sport attendance low and so pupils unable to benefit from extra coaching</li> </ul>												

	<p>d) Pupils' aerobic fitness is low</p> <p>We have worked to reduce these barriers during 2018-2019:</p> <p>a) Additional clubs for elite and improving pupils</p> <p>b) Costing for netball markings</p> <p>c) Raise the profile of Saturday Sports and increase the average attendance</p> <p>d) Cross-country race and fitness club introduced to improve pupil stamina</p>
	<b>Planned Expenditure</b>
